

# Sexual Exploitation

**BE AWARE, STAY  
ALERT AND KEEP SAFE**

**You need to be aware of warning  
signs someone may want to exploit you:**

- Trust yourself to know when something is wrong. If someone makes you feel unsafe, pressured or frightened, seek help.
- Don't trust people you don't know.
- Don't be tricked into doing things that are unsafe. What might look exciting at first could be more dangerous than you realise.
- You could be exploited by someone you met online.
- They might give you money, drugs, alcohol, gifts and then force you to do sexual things in return.
- Sexual exploitation can happen to you, no matter what your age, gender or background.
- They might try to control you, threatening you and becoming violent if you don't do what they want
